

RFP 5147001 – IT Negotiations Consulting Services

QUESTIONS & ANSWERS (Q&A Set 3)

This Q&A set addresses Bidsync questions after RFP Addendum #1 release. To avoid misrepresentation, questions are reproduced as received, without change, including terminology, spelling and grammar.

*Q1: In a "Joint Proposal" response scenario; is the State requiring both companies to submit administrative documentation (i.e. CA SB Certifications, Declaration Forms, Payee Data Records & CA SOS Business Entity Certificates).
(Submitted: Oct 30, 2014 9:43:19 AM PDT)*

A1: Yes, each proposer will be required to submit administrative documents as joint proposers are both jointly and severally responsible for the entire contract. The State needs to be able to determine whether a remaining contractor is able to meet the obligations of the entire contract should one of the joint contractors be unable to continue as part of the contract.
